Conference & Banqueting

SIMPLE-FIT TABLE SKIRTING Innovative table covering. No clips required.

Simple Fit is softly gathered and attached to a plain stretch topper.

Simply pull the stretch over the table edge, and the skirting will fall into place ready for use.

With no need for clips, Simple-Fit is a quick and effective way to dress your table, providing a professional finish in minutes. Add table protector for extra comfort.

RESTAURANT TABLE SKIRTING

A sophisticated way to showcase your dining area. Restaurant skirting is made of panels to allow diners to be seated easily and comfortably.

Restaurant skirting can be attached directly to table edge or table protector for added comfort.
