StoreSafe® Food Rotation Labels

StoreSafe Food Rotation Labels leave no sticky residue, eliminate scraping and save operators time and money. Both adhesive and label dissolve completely off any container in less than 30 seconds through the dishwasher or under hot or cold running water. masking tape and non-dissolving labels leave behind sticky residue that can harbour harmful bacteria and increase the risk of cross contamination. Proper labeling assists a proper First in, First Out (FIFO) food storage and handling system following HACCP guidelines.

- Safe for all sewer and septic systems and no build up in drains.
- Use pen, pencil or marker to write on label before applying to dry container.
- Manage label supplies by switching from seven colour labels to one easy use, universal label for all days of the week.
- Withstanding high heat temperatures up to 93˚C for 4 hours. Microwave safe.

INGREDIENT BINS

Camwear® Polycarbonate CamSquare Food Storage Containers

Made of crystal clear, virtually unbreakable polycarbonate, Camwear CamSquares allow you to see inside for quick retrieval. Withstands temperature ranges from -40˚C to 99˚C, allowing use in refrigerators or freezers.

Make the most use of your storage area. Easy-to-read level graduations are printed on the outside to quickly take inventory. Colour-coded snap-tight polyethylene covers, ordered separately, feature tabs for easy removal.

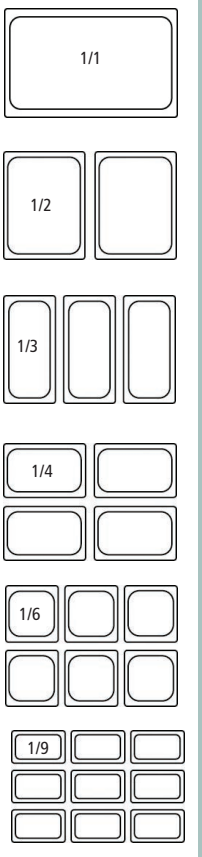
GASTRONORM



Cover with Handle

Deep molded handle provides secure grip. Also available in black to help block light, reducing discolouration of meats and cheeses and helping to maintain freshness.

Polycarbonate Gastronorm Food Pans

At just half the price of stainless steel, Camwear Polycarbonate GN Food Pans are extremely cost effective. Yet, the virtually unbreakable polycarbonate construction ensures that they won't crack, bend or dent. These food pans withstand temperatures from -40˚C to 99˚C and have both standard and metric graduation marking to promote easy inventory management. Precisely designed to Gastronorm GN specifications, Camwear Polycarbonate Food Pans deliver three-in-one service: storage, transportation and serving display. Non-stick smooth interior surface increases yields and promotes easy cleaning. They stack neatly, without wedging or sticking. Uniform 1.27 cm flange width ensures a smooth fit for prep tables and rails. Covers and Cambro's exclusive FlipLid® and GripLid™, sold separately, will eliminate spillage when storing or transporting.

SMART RACK

The Perfect Washing & Sanitary Storage System

Glassware stays clean when in storage, therefore no need to re-wash before use.
Open outer wall is closed & keeps out pollutions, such as dirty water, viruses, insect and pest, contaminant, dust and dirty hand. Clean glassware would need to be washed again after being polluted, it wastes time and money.

Choose the correct rack

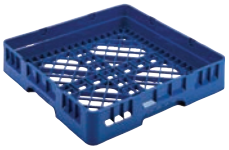
1. Place your glass(stemware or tumbler)face down on the below diagram to determine the number of compartments.
2. Measure the maximum height of the glass (stemware or tumbler) to the top edge of the rim to determine the compartment height.
3. Select your prefered coloured base rack.

		Number of Compartments				
		49 Compartment	36 Compartment	25 Compartment	16 Compartment	9 Compartment
Max Height	9cm	KAMB-4909**	KAMB-3609**	KAMB-2509**	KAMB-1609**	KAMB-0909**
	13.2cm	KAMB-4913**	KAMB-3613**	KAMB-2513**	KAMB-1613**	KAMB-0913**
	17.4cm	KAMB-4917**	KAMB-3617**	KAMB-2517**	KAMB-1617**	KAMB-0917**
	21.6cm	KAMB-4921**	KAMB-3621**	KAMB-2521**	KAMB-1621**	KAMB-0921**
	25.8cm	KAMB-4925**	KAMB-3625**	KAMB-2525**	KAMB-1625**	KAMB-0925**
	30cm	KAMB-4930**	KAMB-3630**	KAMB-2530**	KAMB-1630**	KAMB-0930**

Remember to replace ** with a base colour code from the below options:

BR (Brown)

RE (Red)



BL (Blue)

GR (Green)

EY (Grey)
